MINING NEWS AND STOCKS

BRIGHT OUTLOOK FOR THE WOLVERINE-ARIZONA MINE

GROUND IS ENCOURAGING AND C. & A. IS INTERESTED IN AD-JACENT PROPERTY.

The letter things that Wolverine has been accomplishing and the very encouraging conditions it has brought about in the ground it is now working together with the improved outlook of \$1 per share, payable April 6th by that has been made for it in its lower country by the activities of Copper Queen and the interest of C. & A adjacent property, afford sufficient ground for the much exhibarated interest that has lately been shown in this company in the east, says the History Review. The company has been looked upon for some time in this district by these informed of what it is doing as obtilled to much more market consideration. The east has been quicker to grasp this is profit making During the week Dulloth and Michigan mar- night than it did last night, notwith-Rets but Wolvering about 20 cents and standing a government suit against the they are not yet through, There is not road was announced after the market a great dool of this stock out, and less closed vesterday. Shorts are locked in still of it being turned loose. It is on- unless sumething extremely serious titled to a considerable higher price; and is one of a few loss priced stocks any extent it will be toward higher now in the market that it is worth while is take on and keep hold for Welverlags future looks very bright. It may make a much birger proposition than most people have ever our slidered pr

Shattuck's Dividend.

The Shattuck quarterly dividend of 10 cents has arrived again. It was public expectation a few months agthat this dividend would be at a higher rate, but it is evident that the company considers it good policy to con tinue with upbuilding of the supplu account, which is now in very comfortable attaction. It may also be the there is contemplation of the disburse ment of a portion of this to Denn De velopment account, as has been per sistently rumoted for some time. indeed, the time is not yet ripe for such a move, it will not always be so and the money will keep in surplus account of Shattuck, from where i can be obtained when needed with great deal more readiness than might be puried with by stockholders after some placed in their own private

No Increase in Shipments. Shattuck has as yet made no in

crease in ore shipments, although it wan expected in Desermine that he the present time Stattuck would have shout doubled the output! There was then expectation of a \$1 dividend rate. There is nothing official on the subject was intimated by an official during the week that there is no expectation of early raising of the ore surport, it was said that the copper market at the present time extends a pracoment to impressed mining as Tiving. The one is worth more in the ground than in the pix as things look right now. The pix will be worth much more in the latter half of the year, th Resumption at Denn.

Since the first of the year, when Superior & Boston Dean commution reports had most Superior vupar, there has neen a charge in meta and stary market conditions that it not at all fererable to the picking up Tamarock able to go about fiel that marter MINERAL PROPERTY AND THE PROPERTY PROPERTY AND provided better As the business and - of the the latter part of Jan. sub: manufacturing of resimplion of is because a strong line of market in terest and support to that stock, Simmore anyone and the south of the

THE PORPHYRIES.

D. C. Jackling, returning to Sal Lake from the Roy Consolidated and Chino Copper properties, says that both mines are in excellent physica condition. At the Ray an average production of \$,000 tons is being made daily, from which an output of about 6,000,000 pounds of copper monthly is being procured. It will probably by a year or more before this output is increased. Later on it is expected that a larger and a higher grade tonnage will be placed in wight; then the out put will be raised to irrobably as much is 10,000 tons daily. Each of the eight
